Hello, Sorry the times didn't work well for you. I do hope you can come down for the first one. Our windows of opportunity to work around holidays and meet our project schedule are somewhat limited. Lindsay, I think what you suggest below for communication with EPA before and after meetings should work for those you can't attend, and would be a good idea even when you can attend.

We will of course send agendas out ahead of the meetings, so you will have times and topics. We will also send materials to the members one week ahead, so there should be an opportunity to get EPA thoughts on them before the meetings.

From this point forward I will let Aron work with you on meeting logistics as he is the project manager and the point person for the advisory committee meetings. However, I would like to continue to be involved in discussions on the technical and policy substance.

And we welcome feedback on how the process is working for you as we begin and move through it.  
Deb

Hi Deb,

I did take the doodle poll but I'm guessing others were on a different schedule than me, as I don't think I said I could make any of the dates chosen. At this point we are trying to rearrange things and will attempt to go down to Portland and back in one day for the kickoff meeting on November 1. I can't make the meeting at all on November 29<sup>th</sup>, so hopefully Rochelle can call in and I can answer any questions when I get back from Mexico. If she can't call in then I'm assuming you and/or Aaron will jot down some questions and we will try to answer later. I will try to talk with Aaron and perhaps arrange some times to talk either before or after meetings to give the EPA perspective. The timing for the meetings is unfortunate, but hopefully we can still help as Oregon moves this MDV forward.

Hello Lindsay,

Did you both receive and respond to the doodle poll? I hope these times work for you.

I'm afraid the 2<sup>nd</sup> doesn't work for me, I am going out of town that day. I could meet on the 31<sup>st</sup>, but I understand why that doesn't work well. Maybe we could meet in person on other topics the day before or after the next meeting on Nov. 29<sup>th</sup>.

Yes, we are preparing a list of questions for our call next Tuesday. I'll try to send them to you by the end of the day tomorrow.

Thanks Lindsay!  
Debra

**Subject:** quick question

Hi Deb,

I just wanted to check in on a couple of things.

1) I saw the MDV meetings were set. Rochelle and I are going to try and make it down on November 1<sup>st</sup> for the kickoff meeting. I'm wondering if you want to meet on the morning of November 2<sup>nd</sup>? I was thinking topics would include CWS variance discussion, MDV discussion (if any questions come up during the meeting), and possibly an overall check-in on other issues with Rochelle? Unfortunately we can't make it in to have a meeting on October 31<sup>st</sup> (Halloween) so hopefully November 2 works for you.

2) On Tuesday's CWS variance call we talked about getting a list of topics together for the follow up call next week. I wanted to check in and see if it would be possible to send me a list on Monday morning / early afternoon with a list of topics to discuss so folks have a chance to prepare by Tuesday's morning meeting?

I will be in offsite meetings on Thursday and Friday but will have some access to email. If you want to chat just send me an email and I will respond when I can. Thanks!
